

23rd May,

1

The Rev. Father Nicholas,  
Drysdale River Mission,  
N. KIMBERLEY.

My dear Sir,

I write to thank you both in the name of the  
Committee and myself, for your kind donation of  
Ethnological and other specimens.

The shield and some of the other native things  
I had never seen before, and they form a most  
valuable addition to our collection.

I shall be very glad to receive further specimens,  
and if I can send you anything in return for the use  
of your Mission I shall be delighted to do so.

Again thanking you,

I am,

Yours very faithfully,

 DIRECTOR.
