The Chairman,

Board of Directors,

Perth. Museum. W.A.

Dr. Sir,

I regret delay in forwarding specimens but I have been away from home for a month. I forward it now address to you Perth. I have noted another stone here which I think has been used as a hammer, but it has not been seen lately. should it come to light later I will send it along.

I hope you may be interested in this specimen & that it may be of some intrinsic value to you.

Believe Me,

Yours sincerely
Arthur Campbell
