The Director,
Queensland Museum,
Brisbane,
Queensland.

Dear Sir,

In reply to your enquiry re Message Sticks, I am sorry to say that I am not in a position to assist you at present.

I shall be dealing with our collection of message sticks in the course of the next few weeks and will then reply as fully as possible.

If it has been possible to evolve a classification for Western Australian spears, spear-throwers, shields, kylies, clubs and throwing sticks, and I have no doubt that the same will be possible for the rest of our W.A. material.

I am,

Yours sincerely,

KEEPER OF ETHNOLOGY.
