

27th July.

4

A. C. Kessell, Esq.,
c/o The Agent General for W. Australia,
15, Victoria Street,
Westminster,
London, England.

Dear Mr. Kessell,

I thank you for your letter of the 25th June, and am glad to hear that you received the weapons safely.

I am posting by this mail to the Agent General a copy of Part 3 of our Records, describing a great number of new W.A. species of fossils from the Caves, fish, etc. I hope you will kindly see that Sir Newton Moore sees it and if any more copies are required, let me know.

With kind regards,

Yours faithfully,

DIRECTOR.
