

ROYAL COMMISSION—UNIVERSITY OF
WESTERN AUSTRALIA
OF THE PROCEEDINGS OF THE
COMMISSION

1st August,

16

No. 87

Mr. W. D. Campbell,
c/o The Institution of Engineers,
5 Elizabeth Street,
Sydney, N.S.W.

Sir,

In reply to your letter (undated) regarding the aboriginal implement therein referred to, I have the honour to enclose a photograph of the specimen mentioned. The specimen came from Balladonia, the informant being an elderly man who had passed most, if not all, of his life at the place, and had certainly been there more than ten years. Probably the toy first became regularly used in that district between twenty and thirty years ago. Old residents at Balladonia might possibly be able to give you further information.

I have the honour to be,

Sir,

Your obedient servant,

GENERAL SECRETARY.

The minutes of the previous meeting were read and confirmed.
