

ALL COMMUNICATIONS TO BE ADDRESSED
TO THE DIRECTOR.

Queensland Museum.

Brisbane. 5th December, 1916

Q.M. 16/1049.

Dear Sir,

On the 29th March last, you were good enough to write to me with reference to Message sticks, and in that communication you mentioned that you would be dealing with your Message sticks in the course of a few weeks and would then reply as fully as possible. As I am very anxious to procure any information you are able to give me to incorporate in a paper I am writing on the Message sticks of Queensland, I am writing to you in the hope that you may be able to supply me with some information.

All information obtained from you will be duly acknowledged and if it not too much trouble I should be glad to hear from you by return mail.

Yours sincerely,

R. Hawley Harris

Director of the Queensland Museum.
