CONFIDENCE

I have received a request from Mrs. Foote, wife of the late Admiral Foote, who has been visiting the State, to be supplied with a few native weapons, particularly spear heads.

In accordance with the arrangement made between the Museum and this Department, I shall be much obliged of you will be good enough to have a small supply of these articles forwarded to me as early as possible as Mrs. Foote is leaving the State some time next week.

R. W. ...
CHIEF PROTECTOR OF ABORIGINES.
